

Mayor:  
Bobby Pardue

## CITY OF WESTOVER Administrative Update

May 19, 2026

The City of Westover would like to provide an update to our residents regarding the Swift Willow Development project and the property recently purchased for a proposed project located at 9749 Highway 280, Harpersville, Alabama 35078, Parcel #08 7 26 0 000 001.001.

At this time, the City of Westover has not received any formal plat submission or permit applications related to this development.

On April 22, 2026, Mayor Bobby Pardue and Jerry South, City Engineer, met briefly with Mr. Jeremy Wolfe and a member of his staff representing Swift Willow Development. During that meeting, the City of Westover was updated on the status of project.

The developer does not currently have an identified end user for the proposed data center. As a result, no engineering plans have been initiated at this time. The developer has not begun the permitting process with the Alabama Department of Environmental Management (ADEM) or the U.S. Army Corps of Engineers regarding the wetland.

The City of Westover remains committed to transparency and keeping our residents informed. Should any formal plans, applications, or agenda items related to this project be submitted or scheduled, we will promptly share that information with the community.

We appreciate your continued engagement and support as we monitor this potential development.

Sincerely,

Bobby Pardue, Mayor  
City of Westover  
(205) 678-3375 Ext. 2
